

Federal Communications Commission Rep.

I would like to inform you that I benefit from listening to XM Satellite Radio and its traffic and weather channels. As a regular subscriber to Satellite Radio, I benefit from satellite specially when I travel every week between Los Angeles (where I work) & Northern California (where I live). Satellite Radio provides variety and quality that are not available elsewhere. As a subscriber, I pay for these services and it should not be up to the National Association of Broadcasters to dictate what you I should be permitted to hear. I, Virgilio A. Villagran, Respectfully urge the FCC to reject the NAB's petition 04-160, and to support XM's ability to provide the kind of programming that I demand and deserve.

Sincerely,

Virgilio A. Villagran  
XM Subscriber
